The students who will receive priority for enrolment are:

- (a) Siblings of students presently enrolled in any Assyrian school whose Parents / Guardian.
- (b) Children from families affiliated with other Assyrian Churches.

At the end of the Enrolment period, all applications will be considered according to our enrolment policy.

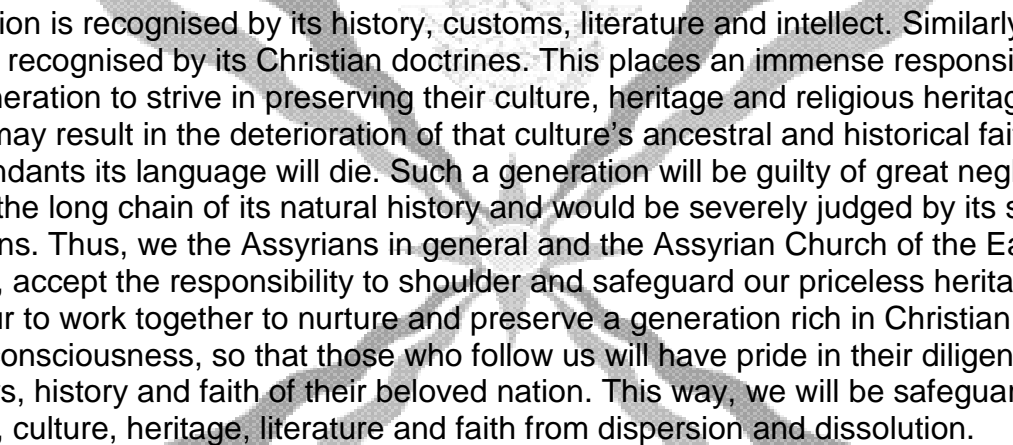

The Principal will write to all successful applicants to invite them to an interview. All successful enrolments for St Narsai Assyrian Christian College will be invited to a special orientation evening where more information and students handbooks will be given to parents.

Enrolments of Children with Special Needs

Parents applying for enrolment are strongly advised to provide **full disclosure of any learning difficulties that their child may exhibit, including physical and intellectual disabilities**. This is important for us to know so that we may be able to implement special programs to assist your child. If the school cannot cater for the needs of your child we may be able to advise you and provide you with better options.

Parents, please note that the Enrolment decision made by Principal is final and no discussion will be entered into.

INTRODUCTION

Every nation is recognised by its history, customs, literature and intellect. Similarly, every Church is recognised by its Christian doctrines. This places an immense responsibility upon every generation to strive in preserving their culture, heritage and religious heritage. Failure to do so may result in the deterioration of that culture's ancestral and historical faith. Among its descendants its language will die. Such a generation will be guilty of great negligence for breaking the long chain of its natural history and would be severely judged by its succeeding generations. Thus, we the Assyrians in general and the Assyrian Church of the East in particular, accept the responsibility to shoulder and safeguard our priceless heritage. We will endeavour to work together to nurture and preserve a generation rich in Christian faith and national consciousness, so that those who follow us will have pride in their diligent forefathers, history and faith of their beloved nation. This way, we will be safeguarding our language, culture, heritage, literature and faith from dispersion and dissolution.
